NEW CAMPGROUND LAYOUT INFORMATION

For the Chase in September the electric will be moving to rows A/B and C/D. A and B and C and D will become back to back rows. The back to back rows will be 30x50 ft lots. Z will remain 30x50ft single row lots. 30x40 ft lots will begin at row E and will go back to row L. Because of declining volume the last few years we are changing the configuration in order to provide better service. Portolets are generally placed on the perimeter and in the aisle at 21. If being close to them is important to you please state that on your reservation. If your location is important to you **the earlier you reserve the more likely we will be able to accommodate your requests.** Please note: a location request is not a guarantee of placement. Groups must list their group leader's name in the group section of the reservation form to be located with a specific group.
